

Friday 22nd May

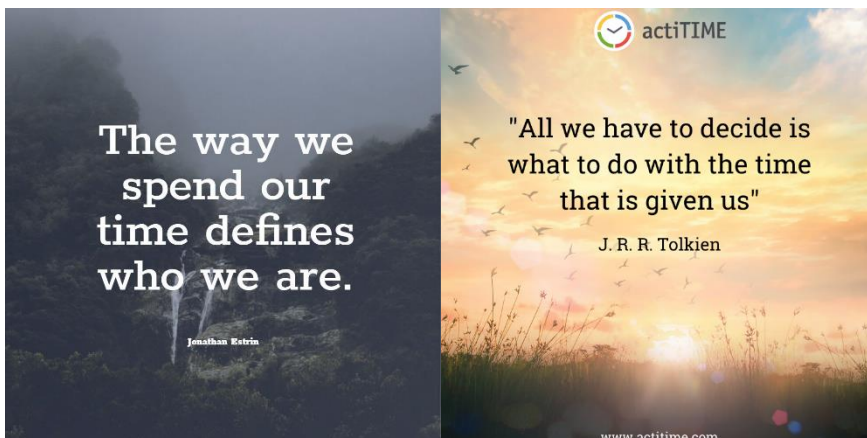

English/PSHE

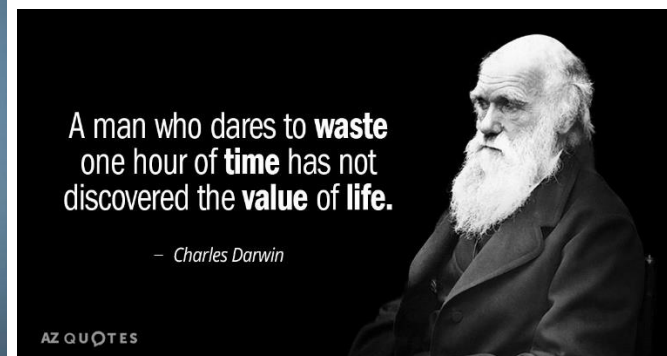

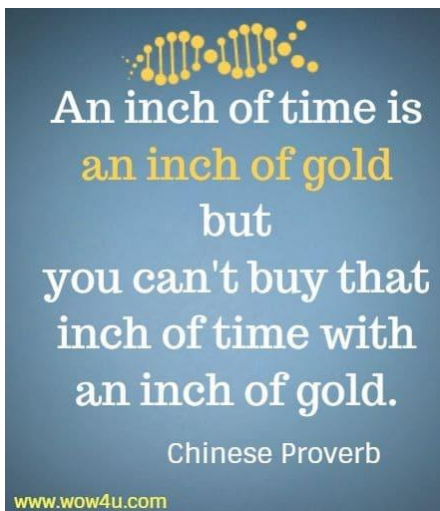

What do you think the quote above means?

Why do we want time the most? Why do we use time badly? Do you think you fit with the quote? How could you make sure the quote doesn't fit you in the future?

Explain what you think each of the quotes mean below and list any questions that you might have about them.

Reflection

How has analysing the quotes above changed your opinion on time? What have you learnt? How might this change how you spend your time in the future?
