

'Oh no ! The dinner is burning', shouted Gran

1. How did Gran know that the dinner was burning?
2. What will she do?
3. How will she get the dinner out of the oven without burning her hands?
4. Gran spent a long time getting the dinner ready and now it's burnt. How does she feel?
5. All the family are coming to tea, and now Gran hasn't got anything to give them. What could she do?
6. If Gran hadn't realised the dinner was burning, what might have happened?
7. How could Gran have remembered to turn off the oven?
8. What could you put in your house to tell you when something is burning?
9. What would you say to someone who plays with fire?
10. Draw a picture of a fire engine...then talk about the different things that fire fighters are asked to do...not just putting out fires!
