

## **'Holes' by Louis Sachar**

### **Character Description**

Write a character description of the warden.

Think about:

- Appearance (what does she look like)
- Personality – What kind of person is she?
- What does she do? What is important to her?
- How does she treat other people?
- What do other characters think about her? Why?

Remember to use evidence from the text to support your ideas. For example: I know she is ..... because when .....

Try to challenge yourself by using powerful vocabulary

You can go back and watch any of the reading videos to help you with your character description (Stanley first met her in chapter 14).
