

Tuesday 21st April

Task 1

Geography

What do you already know about climate change. What is it? Is it good or bad? Why is it happening?

Go through the PowerPoint to get some more information about climate change.

Look at the image below.

What does it show? What can you tell from it? Why do you think it happened? Make a mind map of ideas.

Read this article <https://www.npr.org/sections/parallels/2017/08/13/542645647/in-egypt-a-rising-sea-and-growing-worries-about-climate-changes-effects>

What bad things have happened in Egypt because of climate change?

Read the second PowerPoint which is all about what you can do to help prevent climate change.

Write a paragraph to summarise and explain what climate change is. Then write a persuasive letter to the government saying what else they could do to prevent climate change. You might want to plan using the points below.

Climate Change

Using the Internet and books, research the impact of climate change. Record your findings in the spaces below as they will assist you in persuading others to form their opinion.

Impact climate change is having on the Earth.

Impact climate change is having on wildlife around the world.

Impact climate change is having on humans around the world.

You might want to use this to help you structure your letter
