

Tuesday 28th April – History Task

Take time to think about how things have changed over time. What did things used to be like? Think about clothes, types of school, cars, technology, food, hobbies, TV programmes, dancing and hairstyles. How are they different to what we have today?

Your task is to research on an aspect in life and find out what things were like during the 50s, 60s, 70s, 80s and 90s and present your work in any way you choose. You may decide to present using powerpoint, an information leaflet, a non-chronological report etc.

Please choose one aspect in history to focus on from:

- Clothes
- Hairstyles (men and women)
- Cars
- Technology
- TV Programmes
- Hair styles
- Music
- Dancing
