

Dear parents/carers,

We hope you are continuing to keep well and safe. Can you believe that this is the final half term of the academic year?! Our final topic is:

We will be looking at how people, plants and animals grow and change over time. We will be sending out packs linked to our topic fortnightly, but as we now have children attending school these will need to be collected from the main school office.

Don't forget you can still access videos and activities on the website daily for maths and literacy. Mrs Ottewell is now available full time in school to take calls and answer questions if you need assistance with anything—please keep us informed about how your child is getting on with their learning at home, and as always we love to see pictures of what you are up to on Class Dojo!

We miss you. Be safe!

Miss Marley and Miss Gilder
