What was going on last week?

Chester Zoo is the largest zoo in the UK and was closed on 21st March, following lockdown restrictions due to the Covid-19 outbreak. It reopened on 15th June after being closed for 3 months.

During the long period it was closed, the owners were concerned that it may not ever have been able to reopen due to the huge lack of income caused by the closure and the huge costs involved in feeding the animals.

Things to talk about at home...

Tuesday 9th June

Have you been to a zoo? Did you like it there? If not, would you like to visit a zoo? Why?

Some visitor attractions have not had staff at work during the lockdown period, but zoos have, why do you think zoos need people working there all the time, even when they're closed?

- Write the word 'zoo'. Have you heard of a zoo before? A zoo is a place where a collection of wild animals are kept and cared for.
- Think about what a wild animal is. Wild animals are animals that would usually look after themselves and live in a natural environment. Can you make a list of wild animals e.g. lion, giraffe, zebra, fox.
- Look at the pictures below, which shows some of the wild animals you might find if you visited a zoo. Do you recognise them all? Have you ever seen any of them for real? Which one is your favourite?
- Use this link <https://www.chesterzoo.org/our-zoo/animals/> to look at the animal collection found at Chester Zoo or find out some examples of other wild animals we might find in a zoo.
- Have you ever visited a zoo before? If not, has anyone you know visited? What was it like? Did you/they enjoy their visit?

For many people, they would not get to see these animals for real if they weren't able to visit a zoo. Many of the wild animals found in zoos live in other countries in their natural environment. Some of them are even struggling to survive. We call these animals endangered. Zoos can sometimes help to stop these animals from becoming extinct.
