

Chester Zoo is the largest zoo in the UK and was closed on 21st March, following lockdown restrictions due to the Covid-19 outbreak. It reopened on 15th June after being closed for 3 months. During the long period it was closed, the owners were concerned that it may not ever have been able to reopen due to the huge lack of income caused by the closure and the huge costs involved in feeding the animals.

Things to talk about at home...

- 🐼 Have you been to a zoo? Did you like it there? If not, would you like to visit a zoo. Why?
- 🐼 Some visitor attractions have not had staff at work during the lockdown period, but zoos have, why do you think zoos need people working there all the time, even when they're closed?
