

Steps to Success

Lockdown	
Date	Tuesday 12 th January
Subject/s	<u>Science</u>
Learning Objective 	To classify animals

SA 	TA
--------	--------

Success Criteria 	I know animals can be sorted into vertebrates and invertebrates.		
	I can sort animals into: mammals, reptiles, fish, birds, amphibians.		
	I can use key questions to be able to sort the animals e.g. "Does it give birth to it's young?"		

Support	Independent	Adult Support ()	Group Work
Key vocabulary for the lesson: Classifying grouping characteristic species similarities differences taxonomists Carl Linnaeus Linnaean System variation vertebrates invertebrates			

1) Make a list of the characteristics of each group:

- Vertebrates
- Invertebrates
- Mammal
- Fish
- Bird
- Amphibian
- Reptile

2) Put the animals below into the correct group, explaining how you know.
