

Animals information

The Arctic has many large land animals including reindeer, musk ox, lemmings, arctic hares, arctic terns, snowy owls, squirrels, arctic fox and polar bears. As the Arctic is a part of the land masses of Europe, North America and Asia, these animals can migrate south in the winter and head back to the north again in the more productive summer months. There are a lot of these animals in total because the Arctic is so big. The land isn't so productive however so large concentrations are very rare and predators tend to have very large ranges in order to be able to get enough to eat in the longer term.

There are also many kinds of large marine animals such as walrus and seals such as the bearded, harp, ringed, spotted and hooded. Narwhals and other whales are present but not as plentiful as they were in pre-whaling days.

The largest land animal in the Antarctic is an insect, a wingless midge, *Belgica antarctica*, less than 1.3cm (0.5in) long. There are no flying insects (they'd get blown away).

There are however a great many animals that feed in the sea though come onto the land for part or most of their lives, these include huge numbers of adelia, chinstrap, gentoo, king, emperor, rockhopper and macaroni penguins. Fur, leopard, Weddell, elephant and crabeater seals (crabeater seals are the second most populous large mammal on the planet after man) and many other kinds of birds such as albatrosses and assorted petrels. There are places in Antarctica where the wildlife reaches incredible densities, the more so for not suffering any human hunting.

Arctic Animals - A List of Animals Found in the Arctic

Antarctic animals - south polar

Land Mammals

Arctic Fox - *Vulpes lagopus*

Arctic Hare - *Lepus arcticus*

Arctic Wolf - *Canis lupus arctos*

Caribou / Reindeer - *Rangifer tarandus*

Moose - *Alces alces*

Dall Sheep - *Ovis dalli*

Ermine - *Mustela erminea*

Lemming - *Lemmus lemmus*

Musk Ox - *Ovibos moschatus*

Animals information

Polar Bear - *Ursus maritimus*

Sea Otter - *Enhydra lutris*

Snowshoe Hare / Snowshoe Rabbit
Lepus americanus

Wolverine - *Gulo gulo*

Arctic Tern - *Sterna paradisaea*

Bald Eagle - *Haliaeetus leucocephalus*

Canada Goose - *Branta canadensis*

Brunnich's Guillemots - *Uria lomvia*

Birds

Arctic Skua - *Stercorarius parasiticus*

Animals information

Ptarmigan - *Lagopus muta*

Puffin - *Fratercula arctica*

Snowy Owl - *Bubo scandiacus*

Snow Goose - *Chen caerulescens*

Other Animals

Arctic Woolly Bear Moth (caterpillar)
Gynaephora groenlandica

Beluga Whale - *Delphinapterus leucas*

Greenland Shark
Somniosus microcephalus

Narwhal - *Monodon monoceros*

Orca - *Orcinus orca*

Bearded Seal - *Erignathus barbatus*

Harp Seal - *Pagophilus groenlandicus*

Hooded Seal - *Cystophora cristata*

Ribbon Seal - *Histiophoca fasciata*

Ringed Seal - *Pusa hispida*

Spotted Seal - *Phoca largha*

Walrus - *Odobenus rosmarus*

Antarctic Animals - A List of Animals Found in Antarctica

[Arctic animals here - north polar](#)

Antarctica has an abundance of animal life, almost all of it being dependent on the sea. The largest truly land animal is a wingless midge about 13mm / 0.5 of an inch long. As the animal life is dependent on the sea and are mainly warm blooded, they tend to be pretty large as a survival technique against the extreme and relentless cold. That Antarctica can support such an abundance of large animals is a result of the productivity of the southern polar sea. Follow the link for the animal to find facts and more pictures.

Penguins

[Emperor penguins](#)

Aptenodytes forsteri

King Penguins
Aptenodytes patagonica

Gentoo penguin
Pygoscelis papua

Whales and Seals

Adelie penguin
Pygoscelis adeliae

Whale species
Species and lifestyle

Weddell seals
Leptonychotes weddelli

Chinstrap penguin
Pygoscelis antarctica

Southern Fur seal
Arctocephalus gazella

Animals information

Southern Elephant seal
Mirounga leonina

Wandering albatross
Diomedea exulans

Crabeater seal
Lobodon carcinophagus

Snow petrel
Pagodama nivea

Leopard Seal
Hydruga leptonyx

Antarctic skua
Catharacta maccormicki

Other Animals

Krill
Euphausia superba

Blue eyed shag
Phalacrocopax atriceps

Animals information

Giant petrel
Macronectes giganteus

Antarctic Land Invertebrates

Cape pigeon
Daption capensis

Snowy Sheathbill
Chionis albus

Arctic tern
Sterna vittata
