You are only writing paragraph 1 today so you only need to think about things that need to be included within that paragraph.

Paragraph 1:

Introduce the main character and where it is set.

What is your main character called? What is he/ she like? Remember to think of interesting ways of starting sentences to describe you character/ setting. Start it with a fronted adverbial instead of the.... He is... etc.

Remember in this paragraph you don't need to introduce or describe the monster and you don't need to mention anything going wrong.

Once you have finished remember to read back through it and edit what you have done to make it more interesting.
