

Date:	Thursday 28 th January
Text:	First News Animal News
Day:	4 Interpret
Learning Objective 	I can answer questions based on a text

SA 

Success Criteria 	I can use words from the question to start my answer	
	I can retrieve information directly from the text	
	I can annotate the text to help find my answer	

I:

1. Find and copy the expert's words that describe the moments of landing and reveal how they felt while it happened.
2. Can you explain why the experts found this time so stressful?
3. What does the word 'erupted' tell you about the scientists' response to Swati's words?
4. What are the aims of the Perseverance mission? Can you find four, or even five, aims from the article that summarise the hopes of NASA scientists?

C

5. NASA ran a competition to choose the name for the Mars rover. It was suggested by a 13-year-old boy. Explain why Perseverance is a good choice, using your knowledge of the word.

Challenge:

The noun 'Mars' can be turned into an adjective to describe something of, or related to, the planet. What is the word?
