

Key Stage 1 Home Learning Challenge

We are learning about Alexander Graham Bell who invented the Telephone. Can you craft your own rotary telephone?

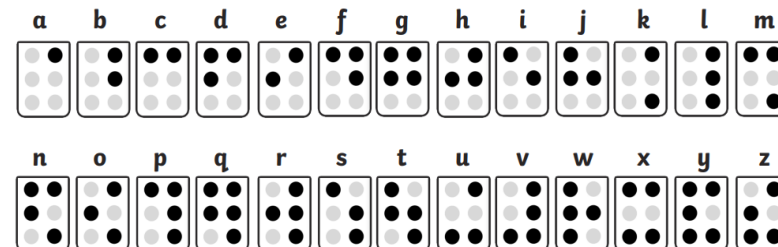

In design & technology, we are making our own finger puppet.

Can you either **design** or **create** your own

Can you have a go at writing your name in Braille?

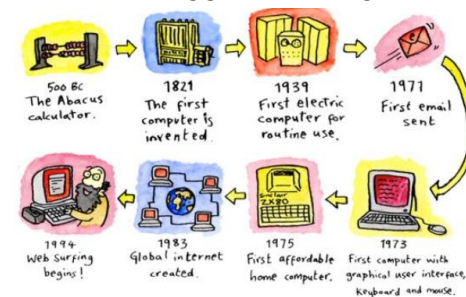

In PSHE we are learning how to be good friends. Can you make a Friendship flower for our classroom?

In science we are learning about our senses. can you make a sensory collage to show your 5 senses?

In Computing we are leaning how technology has changed. Can you create a time line to show how technology has changed?

Complete 4 activities to get a certificate and a prize at our end of topic celebration.

The activities need to be seen by the class teacher by Thursday 16th October .
