

# Home Learning Grid: Spring 1 Frozen Kingdom

Maths and English home learning will be given out weekly, you must complete this.

The ideas below are *optional*, you can complete as many or as few as you would like. Remember there is also 'MyOn' to read additional books online, MyMaths to practise maths, Tackling Tables Online for timestable practise and links on our school website to learning games and activities!

Imagine that Earth has entered another Ice Age. Write a diary-style piece describing the changes and how the human race has adapted to cope.	Use a range of snowy images to create a polar collage. Remember to use lots of interesting textures, shapes, colours and patterns.	Create your own Arctic and Antarctic word search puzzles using all the new words you have learned during the project. Challenge a grown-up to solve it!
Make a model of your favourite Arctic animal using clay, dough or recycled materials. Take it into school and explain how you made it.	Create a poster or brochure for a new travel company which arranges visits to the Arctic or Antarctic. Use powerful images and text to tempt customers who want an extra-special trip!	Design a pair of snow boots for an Arctic explorer. What materials would you use? What features could they have? Let your imagination run wild!
	Imagine a common domestic animal became an inhabitant of the Arctic or Antarctic. How would it have to adapt to survive there? Longer, thicker hair? What else? Rename your common animal with a more exciting 'polar' name
